

Memory Care Visit Checklist

A structured visit check for dignity, safety, access, follow-through, and resident-specific support.

- ☐ Resident appears clean, appropriately dressed, and able to access needed personal items.
- ☐ Staff approach is respectful and adapted to cognitive impairment.
- ☐ Exit, wandering, and elopement safeguards match the resident behavior.
- ☐ Resident can reach the bathroom, dining area, and common areas safely.
- ☐ Meal assistance and hydration reflect the resident needs.
- ☐ Unexplained bruises, skin concerns, weight changes, sedation, agitation, or functional decline are addressed through the appropriate clinical channel.
- ☐ Hearing aids, glasses, dentures, mobility aids, and other devices are available and functioning.
- ☐ Activities are accessible rather than merely listed on a calendar.
- ☐ Family questions and prior concerns have documented follow-through.

Scope and privacy

The tools do not replace emergency care, treating-clinician judgment, or legal advice. Do not place resident-identifying information into an unsecured copy or public submission.
